HEBEI YOGEM

Win the market with:

- **Profession**
  - **Quality**
  - **Service**
- to be multi-benefit**

## Enterprise introduction

We, HEBEI YOGEM, a Chinese company with western operating concept, is dedicated to producing OEM castings.

The materials are mainly involved in stainless steel, duplex/supper duplex, alloy steel, heat-resistant steel, nickel base alloy, cobalt base alloy, copper base alloy etc. Over 95% of our products are exported to more than 15 countries, such as USA, Canada, European Union countries, Japan, Korea and other places.

Both raw castings and machining components can be done in our work-shop. We prefer to supply the final products with machining but surely follow customer's specific request.

Our products are widely used in the field of pumps, valves, oil & gas, automotive, food machine, agriculture machine, construction, etc. Through many years improvements, we have built a complete supply chain including foundries, machining facilities and inspection centre.

Besides technology and innovation, we pay more attention to environmental protection.

Hebei Yogem is always highly committed to quality, delivery time and customer service.

Our ultimate goal is your satisfaction.
